

**SERIOUSNESS, PROFESIONALISM  
AND PERSONALIZED SERVICE IN  
INTERNATIONAL COMMERCE**

# THE COMPANY

Founded in 1969 by Mr. Luis Tasso, today under the management of Luis Miguel Tasso and Mariola Tasso, the second generation of this family, maintaining the same philosophy with which it started over 50 years ago, Vicasso Internacional S.L. has always oriented its objectives towards meeting the personalized needs of its clients in International Trade. To achieve this, it has created a group of companies specialized in each of the segments of international trade located in Barcelona, within the areas of greatest influence according to the activity of each one. The Central Office, with an area of more than 600 m<sup>2</sup>, coordinates all the divisions and branches of the Group located in Madrid, Bilbao, and Valencia.

# FORWARDER \_\_\_\_\_

We have an extensive network of offices and agencies worldwide that guarantee total effectiveness in all operations abroad. Endorsed by the ISO 9001-200 certification, we offer our clients the coordination of maritime, air, land, and intermodal transportation of their cargo to/from any point in the world. Our transit division manages Cross Trades for our clients with maximum efficiency. All of this is within a personalized service endorsed by the OEA Security Certification.

# N.V.O.C.C \_\_\_\_\_

This division is one of the market leaders in maritime transportation, with its main activity being neutral maritime consolidation, acting as cargo wholesalers.

# MARITIME

---

This division offers its clients transportation of their cargo in Full Container Load (FCL) or Less than Container Load (LCL) groupage from/to any point in the world. All of this is within a personalized service adapted to the particular needs of each client. We have our own weekly IMPORT-EXPORT maritime consolidation services with the vast majority of ports worldwide.

# AIR

With extensive experience in air transportation and being aware of the urgency and needs of our clients, our air cargo division manages the IMPORT/EXPORT cargo of our clients with maximum efficiency and high levels of excellence in service quality, always seeking the best options for service, speed, and price.

# LAND

We manage ground transportation for our clients to/from any point in Europe, relying on an extensive network of correspondents and our own transportation lines, both for full truckload and groupage cargo. We have specialized in countries in Eastern Europe for urgent cargos, delivering the cargos to any European city in 24 or 48 hours.

# CUSTOM BROKER \_\_\_\_\_

We carry out customs clearance for import and export, as well as issuing community transit documents. We have the collaboration of two customs representatives who work exclusively for the Group. Vicasso Internacional has the OEA Certification as well as the authorization for National Centralized Customs Clearance. This allows us to cover the needs of our clients in all national customs with a high level of effectiveness.

# WAREHOUSE

---

We have a warehouse located in the Barcelona Free Trade Zone of 5000 m2, which allows us to offer maximum logistical and fiscal advantages. We also have customs warehouses in Madrid, Valencia, Bilbao, Algeciras, and Vigo. The warehouses are computerized to facilitate information flow and control. We offer consolidation, deconsolidation, cross-docking, picking, packaging, as well as other logistics services.

# LEGAL, INSURANCE AND TRADING DEPARTMENTS

We offer our clients maximum advantages when negotiating with their suppliers or positioning themselves in new markets, through an analysis of these markets and our advice on contract preparation, tax planning, creation of associations, market studies, among others, as part of our legal, insurance, and trading department services.

# TRACKING ---

Our divisions are equipped with a tracking and tracing computer system that allows our clients to access our Extranet and know online the status of their shipments at all times with maximum reliability, as well as to consult and download all the documents related to their shipments.

# CERTIFICATIONS

Our company is certified with ISO 9001 and OEA certification, which gives us the confidence of Customs Administrations
